Presentation on Terroristic Threats at Hillsborough High School

President Hudes read a statement related to the recent events at Hillsborough High School, including the decisions made to close school on Thursday and modifications to Friday's opening.

Police Chief Kaminsky informed the public regarding the threats at the high school.

Captain Merkler provided a summary of the events from 5/7 through 5/21 as follows:

5/7 3:00 bomb threat - suspect identified
5/8 Threat on restroom wall for Wednesday 5/9 - security measures were initiated
School was in a modified lockdown
5/16 New threat on restroom wall for Thursday 5/17 - classes were cancelled for Thursday and would resume on Friday 5/18
5/18 Students were randomly selected to go through metal detectors
School was in a modified lockdown
5/18 Additional threats on restroom wall found in p.m.

Captain Merkler announced that Crime Stoppers is offering a reward

He also discussed the impact these events had involving:

- 32 officers
- Law enforcement officers from surrounding departments
- Representatives from state-wide law enforcement officers

Captain Merkler stated that the goal has always been to provide a safe learning environment for the students.

Chief Kaminsky stated that policies and procedures are in place to handle these situations. He thanked Karen Bingert, Dr. Lake and Mr. Venanzi for their assistance in handling the situations.

Karen Bingert, high school principal, spoke regarding the events, stating that the high school will remain in a modified lockdown for the remainder of the year. This modified lockdown restricts access to the building and necessitates that students be signed in and out of the building. Ms. Bingert thanked the central office administration (Dr. Lake, Mr. Venanzi and Dr. Antunes) for their input and support. She also thanked the Hillsborough Township Police Department, other law enforcement officers, high school building administrators, custodians, teachers, staff, students and parents.

Time was allowed for questions and comments from the board and public.

Concerns from the board included:

- How are we preventing future threats?
- Are we closer to finding the suspect?
- Is there a plan for future random checks?
- Graduation security
- Vehicle searches

Fern Schiffman, resident and parent of a golf student, discussed the cancellation of activities on Thursday and how it affected the golf team. The Skylands Golf Tournament, an event which included over 20 golf teams, was the only Thursday event that could not be rescheduled. Mrs. Schiffman requested that the golf team receive a public apology and that the district should change the policy regarding school closings as it relates to off campus activities.

Logan Cecchini, Hillsborough High School senior and member of the golf team, discussed the cancellation of Thursday's activities. He expressed his sensitivity to the Virginia Tech incident, as he plans on attending there in the fall. However, he expressed a need for student body unity and positive memories. He felt that canceling the golf team's participation in the tournament stripped the team of memories.

New Business

Mr. Blandino announced that the board members did not have input on the decision to close school.

Dr. Lake expressed that this was an administrative decision in concert with Karen Bingert and the police department.

Mr. Donnadio requested that the district look at the policy and include board involvement in the decision-making process, specific to the golf situation or offsite activity which could not be rescheduled. Mr. Donnadio recommended that the policy committee look at this procedure.

Mr. Paget questioned the reasoning for cancelling activities.

Dr. Lake responded that based on past practices in the district, when schools are closed all activities are also cancelled.

Mr. Gillette asked if there is a policy regarding no participation in activities (citing the golf team situation) if school is not in session.

Mr. Rosenberg expressed that he feels the disappointment of the golf team and apologized to the team that they had to forfeit the tournament. He explained that this was a new and unfortunate situation and the district erred on the side of caution, while trying

to operate in the best interest of the school community. He agreed that the district should reconsider this practice in the future.

Fern Schiffman announced that she was told the decision to cancel all activities was an administrative and board of education decision. She also stated that baseball and softball held practices off-site on Thursday.

Carol Cecchini said the golf team was told that the cancellation was a tactic used on the students to apply pressure on the culprit. They were also told that if information was provided by Wednesday evening, that the golf team could participate in the tournament on Thursday.

Mike Detsis discussed the survey on the website regarding random drug testing. He suggested to the board that they have an objective when they are investigating something specific. He asked what the district was trying to measure in the survey for the random drug testing.
