

AP Human Geography Summer Get to Know You Assignment

To help us get to know each other, please complete the following assignment: Write a short essay (between a paragraph and one page, no longer) introducing yourself to me, containing whatever information you think I should know about you, including, but not limited to, your interests, hobbies, and plans for the future. Please also explain to me why you chose to take AP Human Geography and what you hope to gain from the class. At the bottom of the page, please include your email address. Feel free to share the document with me via Google Docs (sdavismyers@https.us.).

Have a great summer!

Ms. Davis-Myers (Ms. DM)
